

A MULTI-DISCIPLINARY APPROACH TO THE DIAGNOSIS OF AUDITORY PROCESSING DISORDERS

PRESENTED BY LISA HILBERT, AUD, F-AAA, CCC-A

Lisa Hilbert, Au.D. is a clinical manager and audiologist with Cincinnati Children's Medical Center. Dr Hilbert completes diagnostic hearing evaluations and auditory processing evaluation. She has given numerous state and national presentations on auditory processing disorders in children. She is involved with several research projects on this topic and has worked on the development of a multidisciplinary evaluation process for children with processing concerns. Her presentation content will focus on advancements made at the Cincinnati Children's Hospital Medical Center Neurodevelopmental Clinic.

FINANCIAL: Lisa Hilbert is a paid employee of Cincinnati Children's Hospital Medical Center.
NONFINANCIAL: no relevant nonfinancial relationship exists.

CEUs

The Ohio Speech-Language-Hearing Association is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

**This Course is Offered for .2 ASHA CEUs
Intermediate Level, Professional Area**

The Ohio Speech-Language-Hearing Association in partnership with ReSound GN is approved by the American Academy of Audiology to offer Academy CEUs for this activity. Audiology content is worth a maximum of .2 AAA CEUs. Academy approval of this continuing education activity is based on course content only and does not imply endorsement of course content, specific products or clinical procedure, or adherence of the event to the Academy's Code of Ethics. Any views that are presented are those of the presenter/ CE Provider and not necessarily of the American Academy of Audiology. Meeting space was provided for this event by Akron Children's Hospital in exchange for content access by Akron Children's Hospital audiology employees.

Learning Outcomes:

Participants will be able to identify three other professionals to refer to for children with listening concerns.
Participants will be able to identify key characteristics and red flag for listening difficulties.
Participants will be able to interpret the Auditory Neurodevelopmental Clinic Questionnaire to aid in referral process.
